About us

ALEGRE DESIGN

Alegre Design has been working with large and small companies for more than 10 years. It has developed more than 100 products and solutions and has extensive knowledge of many different industries and markets.

Alegre Design is an industrial design studio located in Sueca, Valencia and was founded in 2000 by Marcelo Alegre. The workforce comprises Marcelo himself and the industrial designer Andrés Baldovi, along with an extensive list of external collaborators.

They create efficient, longlasting design solutions, always taking emotional, cultural, anthropometric and mechanical factors into account. And of course, all of their projects have to undergo strict production viability tests.
